

"Light on Dark Africa" is the interesting and timely subject which is being presented to the community by the Harbor Area Chapter of the American Assn. of United Nations. Illustrated with kodachrome slides, the meeting will be held Tuesday evening, April 26, at the St. Mark's Presbyterian Church, 2154 245th St., at Woodward Ave., Lomita. No admission charge will be made.

Dr. Wendell L. Miller, known throughout Southern California as a lecturer, humorist, world traveler, and photographer, will be the entertainer and he will show for the first time in this vicinity the slides he took last summer in his trip to Africa.

Dr. Miller says that conditions in South Africa are a challenge to the world and he predicts much change in the next year's time.

A new series of classes for expectant mothers started last Thursday at 1 p.m. in the Torrance Health Center, 2300 Carson St., according to Dr. B. A. Kogan, district health officer. The classes are still open for registration.

day will be how the baby lives and grows before it is born and what the prospective mother should eat and wear. On April 28, the film "Labor and Delivery" will be shown

and the lecture will be about hospital experiences and how to prepare for the trip to the hospital. Care of the newborn and what the well dressed baby will wear will be discussed on May of the older child.

The classes are an educational service of the County Health Department and are planned to help prospective parents. There are no fees for this tax supported service.
